Wholesale List . .

OF THE

Syracuse Nurseries.

Smiths & Powell Co.

SYRACUSE, N. Y.

For FALL
of 1894.

Announcement. . . .

THIS CIRCULAR is not intended as a Price List, but simply a guide to our numerous customers and others, that they may better know the varieties we cultivate and have for sale this season.

We purposely avoid giving prices, as they vary with the supply and demand for the stock and the quantity and assortment desired, and will suggest, that it will very much expedite matters if our patrons will kindly state as nearly as they can the number and kinds of trees or plants they require, otherwise we shall have to write for that information before we can give definite prices.

In making wholesale prices, it is not intended that a long list of a very few trees or plants of a kind will be furnished at the same price that we sell 1,000 or 100 trees for, but prices will be made reasonable according to the character of the order.

Our Nurseries

Occupy several hundred acres of land that is admirably adapted to the growing of strong, vigorous trees, and one of the points of peculiar excellance that we claim for our trees is the fibrous character of the roots, which we ascribe to the unusual texture and quality of the soil on which they are grown

With an experience of nearly fifty years in the growing of the various products of the nursery, we claim to have a knowledge as to how a tree or plant should be grown, and think the success which has attended our annual plantings, can best attest the wisdom of our methods of culture.

Dealers should have the same interest in knowing that the stock they purchase is well grown and properly handled as would the planter, as their interests are identical, and believing in the correctness of our methods we urge an inspection of our nurseries and our methods of planting, growing, digging, sorting, handling and packing nursery stock.

Our Office and Packing Grounds

Are located at 904 West Genesee Street, in the city of Syracuse, N. Y., about one mile or less from the Railroad stations, and are very easy of access by the Third Ward Electric Railway that crosses Geddes St. within one block of our office.

It is generally better and more satisfactory for our customers to call at the office when visiting the establishment, as our ornamental grounds and packing houses, cellars, etc. are adjacent, as are some of our stables connected with our celebrated HORSE BREEDING department, where visitors are always welcome, whether intending purchasers or not.

Our City

Is situated in the geographical center of the State and is a railroad center, the following roads either passing through or departing from it: New Yord Central & Hudson River, the Auburn branch of the N. Y. Central, the West Shore, the Chenango Branch of the West Shore, the Delaware, Lackawanna & Western and the Rome, Watertown & Ogdensburgh, which make it very accessible from all parts of the country, and afford unexcelled freight facilities.

Packing.

All orders will be carefully packed in cases, where not otherwise directed, for which the following charges will be made.

Boxes,	35 x 31 inches,	10	feet long,	- - -	$3.00
"	31 x 26 "	10	"	- - - -	2.50
"	26 x 22 "	10	"	- - - -	2.00
"	22 x 18 "	10	"	- - - -	1.50
"	20 x 16 "	10	"	- - - -	1.25

Larger or smaller, longer or shorter boxes or bales at proportionate prices, THIS INCLUDES PACKING AND CARTAGE.

For stock shipped in FULL CAR LOAD LOTS IN BULK we make no charge for either packing or cartage.

Our responsibility as regards transportation, ceases upon the delivery of the goods to the forwarders and taking their receipt.

We exercise the greatest possible care to keep our varieties pure and true to name, and hold ourselves in readiness to replace, on proper proof, all stock that may prove otherwise: but it is mutually agreed between the purchaser and ourselves that we shall not at any time be liable for any amount greater than the original price of the goods.

We call attention to the last page of this circular in which mention is made of the HORSE and CATTLE DEPARTMENT of our business and in which many of our nursery customers may be interested.

VISITORS to our establishment are always welcome and shown the stock with pleasure, while correspondence is urgently solicited, and will receive careful and prompt attention.

Smiths & Powell Co.,

SYRACUSE, N. Y.

We offer Special Inducements

In the following list of trees, shrubs and plants, on which special prices will be quoted if needed in quantity.

Tree Roses.

We have a very choice assortment of *hardy* Tree Roses, which we can recommend to our patrons as being furnished with good roots and tops, and with good healthy bodies.

Lakeside Stock Farm,

HORSES and CATTLE,

Our Stud and Breeding Stables contain a lrrge number of beautiful and highly bred representatives of the following classes of Horses:

Standard, French Coach,
Cleveland Bay, Hackney,
Clydesdale, Percheron,
Matched and single
Driving and Coach Horses.

If you want a horse of any age or breed, write us, as our establishmeht is HEADQUARTERS for such stock. Remember it is no trouble for us to show our animals, but it is always a pleasure to show what we have to offer. . . . .

Holstein-Friesian Cattle.

THE LAKESIDE HERD is the most noted and the handsomest of the breed. The records of of this herd are the largest for both milk and butter, of any herd of any breed in the world, which fact entitles it to the distinction of the CHAMPION MILK AND BUTTER HERD. We are offering rare bargains in choice show animals of all ages and in cows with great records. A personal inspection of this department is especially invited and stock shown and questions answered with pleasure. . . . .

Do not Fail to see our Horses and Cattle.

Separate catalogues of each department sent on application.
